## 156 CANDIDATES FOR GRADUATION

List of Eligibles Announced by Registrar of University.

NUMBER SHOWS INCREASE NORMAL CLASS IS FAR IN THE LEAD.

Registrar George Coray of the University yesterday gave out the list of applicants for graduation from the university this year. All these names have been passed by the faculty and will be eligible for graduation if they complete the work that they are now taking. The registrar said that there were about five more who will most likely graduate, but whose mames do not appear on the list. Two of these failed to get their applications to the faculty in time, and the others were deficient in work which they will most likely make up before the end of the year. The classes from nearly all departments The classes from nearly all departments are much larger than in any previous year. There has been a promising increase in the engineering department, which has the greatest number of graduates in the college. The normal class also is exceptionally large. The list of graduates follows:

## WORK ON BAMBERGER LINE.

Belief in Ogden Road Will Be Finished by July 4.

A force of men commenced work on the Salt Lake & Ogden railway line on Lincoln avenue yesterday, which indicates that the line will be completed by the early part of the coming summer. The work started yesterday consisted of lowering the ties to a depth where the heavy steel rails, which will eventually be put down, will not extend above the level of the street grade. This work will be followed by the putting in of additional ties and then all will be ready for the arrival of the heavy steel. It is reported that the contract for the construction of a bridge across the Weber riverd has been let and that work upon the structure

At a session of the commissioners more than a week ago the county clerk got through a resolution directing that the assessor furnish a list of names of all male persons between the ages of 21 and 50 years. The county clerk held that in the reports made by the road supervisors for the year 1996 there appeared to be no delinquents on the poll tax list, while he asserts that as a matter of fact there were a number of delinquents. The securing of a list from the assessor was intended to place a check on the various road supervisors.

Assessor Dix does not take kindly to the suggestion of the county clerk and says that he has done his work as prescribed in the statutes and holds that the compiling of a list such as requested does not come within his duties as prescribed by law.

Al White, representing the members of the Order of Railway Conductors employed on the Union Pacific out of Ogden, and James Davis, representing the Brotherhood of Railway Trainmen on the Same territory, have gone to Denver, where a meeting has been called for the purpose of further considering matters pertaining to the readjustment of hours and wages on that system. ## LOWER COURT IS REVERSED

Higher Tribunal Remands Case Involving Point Having to Do With Acceptance of Contracts.

An opinion was handed down by the supreme court yesterday, reversing the judgment of the lower court in the case of John H. Bailey & Sons, appellents, against Andrew and David Leishman. The action was brought to recover \$150 for alleged breach of contract in the sale of 125 bushels of lucern, which were contracted to be delivered to the plainiffs at 10% cents a pound.

tiffs at 10% cents a pound.

The case was remanded with instructions to the lower court to overrule the demurrer to the complaint, permit the defendants to answer and to proceed with the case in accordance with law. The defendants demurred to the complaint in the lower court on the ground that it did not state facts sufficient to constitute a cause for action. The demurrer was sustained and the complaint dismissed. From this ruling the plaintiffs appealed to the supreme court. The contention of the defendants was

to the effect that the contract was uni-lateral and was not signed by the plain-tiffs and therefore not binding. The sutiffs and therefore not binding. The supreme court holds that the contract was in the nature of an offer which could be accepted by the plaintiffs and thus complete the contract. The offer was accepted and hence the plaintiffs were bound by it as well as the defendants. Justice Frick wrote the opinion, which is concurred in by District Judge Ritchie. Chief Justice McCarty wrote a dissenting opinion holding that the lower court did not err in sustaining the demurrer for the reason that the complaint did for the reason that the complaint did not allege that the offer had ever been actually accepted by the plaintiffs.

High School Course Appeals to Large Class of Pupils.

The course for the study of the Spanish language, which was started at the High school at the beginning of the second semester, has not yet become more than an experiment. When the course was first started it was understood that if a sufficient number did not elect to was first started it was understood that if a sufficient number did not elect to learn it, it would be dropped. Twenty-seven students signed for the course and for a short time it was thought that two classes would be necessary. However, ten dropped out on account of deficiency in other subjects, and regular work has been going on now for several weeks with only one class. The subject is in the hands of Mademoiselle Demonge, who has taught the language in other schools. She is teaching the Spanish classes in addition to her regular section of the French department.

the High school was started last spring by The Herald in view of the great ad-vantages to be derived from the study of Shos company some time ago, for the non-delivery of a number of cases of shoes placed with Castino for transfer. The delivery was delayed on account of the breaking down of the wagon, and the evidence went to show that Castino was unable to return the shoes to the Davis people after his failure to deliver them on the day he received them. The case attracted no little attention at the time of Castino's arrest. The action which followed was for damages in the sum of \$5,000 for false arrest.

### HALL IS UNPOPULAR WITH THE INDIANS

Sturgis, S. D., March 5 .- More excitement is reported from the Ute Indian camp near Fort Meade. Captain Hall has arrived from the Uintah reserva-tion in Utah for the purpose of holding a pow-wow to induce the Utes to return to Utah. When the Utes heard of the captain's coming they became greatly aroused. Chief Appah is said to have sent word to Hall to hold the row-wow at Fort Meade, and not come o camp, fearing trouble if the young bucks saw him. Accordingly, the pow-wow was held at Fort Meade. The outcome is not yet known. According to reports, Hall is unpopular with the
